

PUT OFF ONE WEEK

The Miner Bill Arguments
Postponed Till Thursday
ON MOTION OF THE DEMOCRATS

Who Represent Through Mr. Kitchner
that They Are Not Yet Prepared to
Defend the Bill—State News.

LANSING, May 12.—There was a very full attendance in the supreme court at 2 p. m. today in anticipation of the arguments upon the application for a writ of habeas corpus in the case of the miner bill. The case was called, Col. Henry M. Duffield, Fred A. Baker and Henry H. Hight of Detroit and Gen. Byron M. Culchison of Lansing appeared for the miners, and Attorney General Ellis, ex-Judge J. W. Champlin, Representative Thomas E. Barkworth of Jackson and Otto Kitchner of Detroit appeared for the respondents. Mr. Kitchner, addressing the court, said the attorney general had filed an answer, but on account of the great state and national importance of the case, it was absolutely necessary that the counsel for the respondents have a postponement, and urged that it be made a calendar case for the first day of the June term (seventh). Colonel Duffield vigorously opposed this, and said the hearing day was fixed by the court, with all the circumstances considered, and with the purpose of an early adjournment of the present term in view, and with all knowledge of all the facts as had been presented by Mr. Kitchner. He thought there was excuse for lack of preparation; the purpose to test the law had been well known for nearly two months, and it was of far greater importance that the court have longer time to consider and decide the case than it was for counsel to have longer time for preparation. Chief Justice Moore suggested that the court was not disposed to make a calendar case of it; that it was necessary for its own convenience, with the June term coming on, that it be heard at an early day, and suggested that some day next week be fixed upon. After a consultation among counsel it was agreed to postpone the hearing until Thursday, May 19, at 10 a. m.

Three Men Killed by a Bursting Boiler at Midland.

MIDLAND, May 12.—The four boilers of the Midland Saw & Lumber company's mill here blew up this afternoon about 2 o'clock, completely wrecking the buildings. The injured are: Charles Glyn, fireman; Al Malcolm, fireman; Charles Burke, A. P. Eton and Arthur and Fred Robinson, all seriously. Several others were slightly hurt. Allen, the foreman of the mill, was standing on a beam way when the explosion occurred, and a piece of one of the boilers struck him in the head, dashing his brains out. HUGE BOYCOTT

On Night Baked Bread—The Grocers Will Take Action.

DETROIT, May 12.—A meeting of delegates from sixty-six trades and labor unions was held in the Grand hall last night to take steps to carry out a persistent and well disciplined boycott in the interest of the strikers. Committees were appointed in every ward except the First, Second, Fourth and Sixth. The purpose of the meeting was to organize the several wards to explain to the people the nature of the differences between the boss and journeyman bakers, get the names of all grocers, saloons, restaurants, etc., that sell or use non-union bread, and publish them so that consumers may know where to get bread made in the daytime. The meeting will meet at Harmonie hall tomorrow night to determine in which direction their interest lies. Considerable conjecture is indulged as to what will be the probable outcome of the meeting. The journeyman bakers and their friends are depending much upon the union labels which have been distributed and are used on union made bread.

CONTRABAND CELESTIALS

She Detained in Detroit Will Probably Be Returned to Canada.

DETROIT, May 12.—There are now six Chinese in Detroit under custody—the two arrested in Monroe last Saturday, two brought from Jackson and two captured here Tuesday. The district attorney is in doubt how to proceed in these cases, as he has not yet received a copy of the new exclusion act. The collector of customs has been notified to proceed as heretofore, however, and it is probable that the six Chinese men will be turned over to the customs officers to be sent back to Canada. It is believed that one of the men captured at Jackson has been caught by the police and sent back from Detroit. A white man was with the couple at Jackson. He tried to buy tickets to New York for them, but was not captured.

Dr. Duffield has locked the entire family, consisting of the two parents and four or five other children, in their house and will keep them there for twenty-eight days.
